Tour of Permanent Collection with Mary Grace Herrington, Director of Development

The Crystal Bridges art collection offers a superb overview of American art, including American masterworks as well as surprising, lesser-known gems from the colonial era to today. Sculpture in the collection graces both interior galleries and outdoor trails. The Museum's permanent collection galleries are refreshed regularly, with new acquisitions and work from the Museum's vaults displayed on a rotating basis in addition to familiar guest favorites.

Yayoi Kusama's Infinity Mirrored Room

Located in Permanent Collection Gallery. Free no tickets required

Yayoi Kusama's artwork, Infinity Mirrored Room—My Heart is Dancing into the Universe (2018) is on view permanently at Crystal Bridges. The room itself is small and filled with mirrors and paper lanterns that have dots that change color. This effect makes it appear as the dots expand forever into the universe.

Lunch at Museum Restaurant Eleven

Table Reserved. Order and Pay at the Counter.

The culinary experience at Crystal Bridges and the museum's restaurant, Eleven, is authentically local, sustainable, and an enhancement of the art and culture at the museum. Offering robust cuisine, stunning architecture, and exciting programming, there is something for everyone to enjoy. Dining at Eleven is a unique, one-of-a-kind experience with beautiful views and a special atmosphere. The cuisine is High South, an in-house culinary concept that elevates Southern home cooking in the Ozarks to a new level: champagne and cornbread. Check out the menu [HERE!](#)
