

## What can MFA do for you and your church?

With a mission of establishing and managing charitable funds to strengthen and expand Methodist ministries across the state, the

**Methodist Foundation for Arkansas** offers multiple ways to help you put your generosity to work:

**Planning a Legacy** estate planning workshops for individuals and couples at all life stages

**Endowments 101** sessions for church leadership

**Confidential consultations** for individuals considering life income gifts or endowments

**Donor-Advised Funds** to simplify charitable giving

**Establishing and managing funds** to support local churches' needs relating to

- Scholarships
- Building maintenance
- Specific types of ministries
- and more – what's your God-sized dream?

## **Stop waiting for change. Invest in it.**

It's always a good time to establish or add to a designated fund or endowment that enables an individual's, household's, or congregation's resources to work for good.

The Foundation offers Endowments 101, Planning a Legacy, and consultations at no cost to churches. To learn more, contact the Rev. Lynn Kilbourne or Amy McGovern.
